

Dear CISD Families,

Coppell ISD continues to monitor the Coronavirus or COVID-19 situation and is in consistent and constant communication with the Centers for Disease Control and Prevention (CDC) and local health officials regarding this situation. Under the CDC's guidance for school districts to prevent the spread of Coronavirus (COVID-19), **we are asking all parents and guardians to report to their schools any student Spring Break travel to countries with Level 2 or Level 3 CDC warnings or restrictions, which as of today (March 6) are China, Iran, Italy, South Korea and Japan.** To date, there have been no restrictions for domestic travel.

We continue to monitor the CDC's list of countries via [www.cdc.gov/coronavirus/2019-ncov/travelers/](http://www.cdc.gov/coronavirus/2019-ncov/travelers/) and will share updates if additional countries are added to this list over Spring Break. Additional areas may be added to the list in the near future.

If your child travels to China, Iran, Italy, South Korea or Japan over Spring Break, please inform your school. Those who travel to these countries or any additional countries added to the CDC Level 2 and 3 list over Spring Break will be asked to stay home for 14 days after we return from break — March 16-30 — and not to return to school until March 31. Parents must send in written notification of their child's travel to one of these countries to their campus secretary or registrar.

We understand that the current attendance guidelines do not address situations such as this, therefore, we must have notification that travel to one of these countries has impacted your specific child in an effort to address their attendance once they are able to return. We will work with each family impacted during this extended absence period.

Please note, Coppell ISD is not the only school district in the area taking this action.

Our registered nurses on all of our campuses have protocols in place to manage any students showing symptoms. We also continue to work closely with health department officials to navigate this changing situation.

Thank you for your cooperation in helping us prevent the spread of Coronavirus (COVID-19).

Sincerely,

A handwritten signature in black ink that reads "Brad A. Hunt". The signature is written in a cursive style with a horizontal line at the end of the name.

Dr. Brad Hunt

Superintendent
