

FEATURES OF NAVIANCE

COLLEGES

- **SuperMatch™ College Search** This will help find a good match for you. You can select areas that are important to you and then say how important each is in the total picture. As you answer each area this program will list the schools that most closely fit what you are looking for. To find out more about a college click on the college to see a profile, then click “more information.” If this school is one you want on your prospective list, click “add to my colleges”. This will put this school on the “colleges I’m thinking about” list.
- **Colleges I’m Thinking About** You can add to your prospective list or look up a college by clicking on add to this list. Click on Lookup, where you can search by name or state. You can add or delete schools as you do more research.
- **Colleges I’m Applying To** Use this starting the summer before your senior year to list those schools to which you are applying to. Do not add colleges to this list until that summer as we will still be working with seniors and their college materials until that time. Also, do not click on teacher recommendations before the summer of your senior year and only after you have personally asked the teacher to write you a letter.
- **College Match** This lists the five most common schools students from around the country applied to that also applied to each of the schools on your list.
- **Scattergrams** Chart of application results by college for Coppell graduates
- **College Maps** Map of colleges in the US and Canada listed by various categories
- **Test Preparation** Take the SAT preparation course – you can only take the two full length tests one time each year.
- **Enrichment programs** A listing of summer programs.
- **Scholarship List** Scholarship information is listed here. It is updated on a weekly basis.
- **College visits** Click on visit schedule to find out when colleges are visiting Coppell High School or the DFW area. You will receive an email a few days in advance for any school that is visiting that is on your list of schools you are considering or to which you will be applying.

CAREERS

- **Personality Type** This will help you learn about careers that fit your personality.
- **Explore Careers** You can research careers and career clusters – this can lead to college majors or specialized training or technical schools.
- **Career Interest Profiler** Take the Career Interest Profiler to find out more about careers that match your interests.

ABOUT ME

- **Profile** The email address listed here is how we will send out a lot of information. Change it if this is not one you view on a regular basis. Your G.P.A and rank are listed here and updated once a semester.
- **My Game Plan** Completing this helps provide your counselor with information about your goals and his will help you develop a plan for achieving your goals. The counselors will be able to use this information when they meet with you in January/February. You can always make changes later.
- **My Resume** Many colleges and most scholarships will want a resume. Enter activities you are involved in during high school and honors you receive as they occur
- **Test Scores** PSAT, ACT, and SAT scores are imported here as they are received.
