

# Coppell ISD Child Nutrition Department

## Restrictions on Meal Account Form

To receive the meal price, students must pick up at least 3 items (for elementary, at least one of the 3 items must be a fruit or a vegetable). Additional food items (second entrée, second fruit, third vegetable, second milk) are offered at an additional cost.

Snacks and beverages such as chips, cookies, ice cream, bottled water or 100% juice are priced a la carte. If you wish to place any spending limits or restrictions on your student's account, please send this completed form to the cafeteria manager. A note will be placed on your student's lunch account stating the requested restrictions.

*Example: If your student is allowed 2 snacks a week – specify which days of the week the student can purchase additional items.*

**Please note:** restrictions remain on your child's account and roll over each year. If you wish to remove any restrictions, please contact the cafeteria manager.

PLEASE DO NOT SUBMIT THIS FORM IF THERE ARE NO RESTRICITONS.
