

Coppell ISD

Security Camera Upgrade

Current Landscape

- Older cameras, mix of manufacturers
- Some newer cameras, standardized on Axis
- Incomplete coverage
- 350+ cameras covering schools and other buildings(excludes CHS and New West)

Needs Identification

- Met with campus administration & SRO's to identify areas of concerns
- Inadequate coverage
 - Parking lots, large gathering areas, zero visibility in certain areas
- Low resolution
- Multiple manufacturer models

Proposed Solution

- 20 years in security industry
- IDIS America headquartered in Coppell
- Technical Support located in Coppell
- 5 year warranty on all IP Cameras

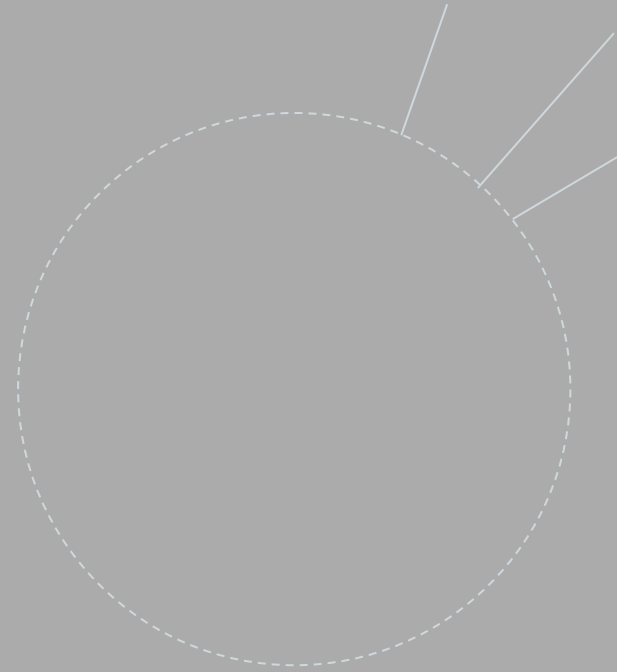

Celebrating Two Decades of Innovation

Solution Highlights

- ISS VMS
 - Centralized monitoring
 - Thorough event management
- Smart Failover
- Enhanced view for 360° cameras

New Landscape

- 876 IDIS Cameras
 - Increased interior and exterior coverage
 - 31 additional cameras at CHS.
 - CMS-West is currently being installed.
- Coverage and resolution to match CHS
- High Resolution (2-8MP)
- H.264/H.265 codec, requires less storage
- Local SD storage
