What is Turning Point?

A program for CHS or NTH@C learners who would like to accelerate their learning and/or for learners who have circumstances which prevent them from being successful in a traditional school setting. TP provides learners with an opportunity to succeed in a non-traditional school setting which primarily uses an online curriculum. TP offers a positive option to larger secondary school settings, where learners work at an accelerated pace on individualized curriculum to achieve a high school diploma and to prepare for their next step in life- college, workforce, specialized training, military, etc.
