

An Update from the Bond Oversight Committee

Following the passage of the 2016 Bond Package in May, the CISD Board of Trustees' created the Bond Oversight Committee. The committee will serve in an advisory capacity to CISD Board and Administration to ensure project work remains faithful to the priorities and planning of the 2016 Community Bond Steering Committee.

The committee is comprised of a diverse group of 16 community members plus two current board members: Jill Popelka & Judy Barbo. Judy co-chairs the committee with David Caviness, who was selected by the committee at the initial meeting on September 12th. James Shay volunteered as Secretary for the committee.

What's happened so far? The Board authorized the initial bond sale of \$91.4 million, which occurred in August. Since that time, there have been several campus renovation projects approved with work either underway or already completed.

What's coming up? On October 24th, the Board approved the Guaranteed Maximum Price contract with Northstar Builders to begin site work and grading on the new middle school land. Dirt work is scheduled to begin in the coming weeks.

Important Dates:

Nov 8th @ 10am: Ground Breaking at New Middle School site.

Nov 10th @ 7pm: Bond Oversight Committee meeting.

Meeting location: CISD Board Room

More Information:

Detailed project information, along with meeting minutes, upcoming agenda's and presentations are posted on Bond Oversight section on the CISD website:
